Re: Joint Application and Petition of South Carolina Electric & Gas Company and Dominion Energy, Inc. for review and approval of a proposed business combination between SCANA Corporation and Dominion Energy, Inc., as may be required, and for a prudency determination regarding the abandonment of the V.C. Summer Units 2 & 3 Project and associated merger benefits and cost recovery plans; Docket No. 2017-370-E

Dear Ms. Boyd:

On May 7, 2018, Transcontinental Gas Pipe Line Company, LLC ("Transco") filed a Petition to Intervene (Out of Time) ("First Petition") in which it sought permission to intervene out of time and be made a party of record in the above-referenced Docket. On May 11, 2018, SCE&G and Dominion Energy filed a response opposing and objecting to the First Petition ("Response") on the basis that Transco lacks standing to intervene in this matter, failed to satisfy the Commission's pleading requirements, and did not timely file its request.

For reasons which were not expressed or explained, on May 17, 2018, Transco filed a second Petition to Intervene (Out of Time) ("Second Petition"). Therein, Transco does not articulate or assert any additional facts sufficient to demonstrate that it has standing to intervene in this matter. Nor does Transco state sufficient facts from which its alleged right or interest can be determined, the grounds for its proposed intervention, or its proposed position in this proceeding. Finally, Transco's Second Petition does not set forth any reasonable basis sufficient to support excusing it from its obligation to timely petition to intervene in this matter.

For the same reasons articulated in the Response, which is incorporated herein by reference, SCE&G and Dominion Energy therefore assert that the Second Petition should be denied.

The Honorable Jocelyn Boyd
